

Optic Fibre Junction Box

Our range of Optic Fibre Junction Boxes are IP66 Rated, they are a purpose built connection enclosure for connecting optic fibre. Optic Fibre Junction Boxes are largely used in the underground mining industry.

Enclosure Size (H x W x D)	Material	Part #
300mm x 200mm x 150mm	#304 SS	OF302015SS

Our Optic Fibre Junction Boxes are made from 2mm 304 Stainless Steel with other materials available on request.

We offer a standard size of (H) 300mm x (W)200mm x (D)150mm, However custom sizes can be produced.

The standard panel lock is 8mm square key; alternatives can be arranged if required. Our Optic Fibre Junction Box is fitted with a stainless steel

mounting plate with a user friendly connector bracket attached.

As standard the Optic Fibre Junction Box comes with 12 single or multi mode ST through connectors. Custom holes can be cut upon request.
